Subject: Delta Shipyard POP extension request

Gary,

Left you a voicemail yesterday, but wanted to follow-up with an email. I wanted to see if you'd be OK with pushing delta out 2 months? Erik, Jeff, and myself had gotten pulled in a few different directions in the past couple of months and Erik came across some waste information in LDEQ's archive system that is casting some questions on the waste characteristics that could possibly change the waste profile. We'd like to discuss that with you if you have some time. We might need to provide two different disposal options for offsite.

Please let me know what you think. We're still working on it, but would really prefer to extend.

David

This Email message contained an attachment named
image001.jpg
which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
